Curator's Collection

Interior designer, co-founder of [Heather Scott Home & Design](#), and *Austin Monthly Home* regular Heather Harkovich blends classic design with chic Texan flair. Drawing from the rich earth tones of the desert and the spicy style of Austin, Heather's Neutral Territory collection, curated exclusively for Joss & Main, showcases a sophisticated array of elegantly arching beds, rustic-chic dressers, and warmly weathered chairs mixed with bold splashes of colorful lamps and décor.
