Q&A

In your business, what can you simply not live without?

Fun fabrics. We love designer fabrics by Schumacher, Kravet and Vervain, which we use on our custom pillows and furniture. You won't see these items anyplace else!

What is the best advice you've been given?

Work for a corporation for at least five years and learn about sales, marketing and finance. Then open your business with your eyes wide open about business realities.

What is your biggest motivator?

Creativity. I enjoy having the opportunity to go into someone's home and take an environment they don't like and create a space they now love to live in.
